

Stop.lik+ is a natural absorbent with high absorption power, clean and practically dust-free. It can absorb 5 times its weight in liquid.

Stop.lik+ helps to keep workshops clean. Workstations are safer and accident risks reduced.

The original structure of **Stop.lik+** is more practical to use, adaptable to all shapes and can be easily picked up.

It is now easy to contain any liquid that has been accidentally spilled onto the floor.

Liquids cannot seep through **Stop.lik+**.

**Pollution
Danger**

- **Safe**
- **Environmentally friendly**

*Available loose or in tubes which can adapt to the complex shapes of your machines, **Stop.lik+** is your first and foremost partner in safety at work.*

FOR FLUIDS

*Clean, **Stop.lik+** is quick to set up and to replace!...*

Stop.lik+ in lengths

Placed around your machines, it prevents liquids from spreading out into the workshop.
